NAME AND SURNAME Luca Zanussi

LAB. Performance Evaluation Lab

LAB. PHONE +39 0382 985369

UNIPV EMAIL luca.zanussi01@universitadipavia.it

BRIEF CURRICULUM:

Luca was born in 1993 in Pavia, Italy. He received his bachelor's degree from the University of Pavia in September 2018 by developing a software able to intercept encrypted network communications on Android devices.

He obtained the master's degree cum laude in Computer Engineering from the University of Pavia in September 2022 by presenting a thesis concerning the classification of encrypted web traffic using machine learning techniques.

From October 2022 he joined the Performance Evaluation Lab as a Ph.D. student. His research interests include machine learning, computer security, cloud computing and performance evaluation of complex systems.
