

UNIVERSITÀ  
DI PAVIA

Ph.D. Program in Electronics, Computer Science and Electrical Engineering

## SEMINAR

### Cybersecurity: The Akamai Chronicles

*Susanna Simari Benigno*  
*Valentina Angeleri*  
*Serena Riganti*

**Akamai**

June 6, 2023 h. 11:00  
Room E4, E Floor

Department of Electrical, Computer and Biomedical Engineering

**Abstract:** In this seminar, you will embark on a thrilling adventure alongside Akamai's 'pink team'. We will uncover the secrets behind the multinational cybersecurity giant's success in safeguarding the digital landscape. You will get a behind-the-scenes look at how a multinational cybersecurity company operates and how they tackle threats to ensure we can shop, play games, and share ideas without a worry. We will explore Internet traffic trends, cyber baddies, and the nifty tactics Akamai uses to keep them at bay in this immersive experience that combines learning and storytelling to unveil the fascinating world of Akamai and the realm of cybersecurity.

**Bios:** **Susanna Simari Benigno**, a proud graduate in computer engineering of the University of Pavia, is Senior Security Consultant at Akamai.

**Valentina Angeleri**, a proud graduate in electronic engineering at the University of Pavia, is a Solutions Engineer at Akamai working in the cloud and security space.

**Serena Riganti** is an experienced passionate Sales Executive at Akamai who works in the cybersecurity world with the most important Italian customers and players.

**Organizer**

Prof. M. Calzarossa

**Ph.D. Coordinator**

Prof. Ilaria Cristiani

Seminar in English
